### **Year of Culture and Creativity**

Your cartoon depicting the Sackville United Church stirred my thoughts. Would it not be wonderful if Mount Allison University, Sackville United Church and the Town of Sackville could cooperate to renovate this historic church building to create an awe-inspiring performance arts centre right in the middle of town? Not only would the downtown be invigorated, but two of the most significant heritage buildings that grace our streetscape would be saved. Let us celebrate our culture and be creative.

Robert Eaton, McGill Architecture 1964

135 Main Street Sackville NB E4L 4B2
